

The *smart* way to pay

feeSmart is a monthly payment option we offer clients who prefer to fund their professional fees over a six, nine or twelve month period.

We know that our clients using *feeSmart* are generally quite capable of paying their professional fee as a lump sum BUT they simply prefer to manage their cash more effectively.

Benefits include being:

- Sensible:* existing credit lines are retained for other business needs.
- Simple:* a loan agreement and bank authority are all that is needed.
- Stress Free:* avoid becoming an overdue debtor with your professional advisor.
- Smart:* the small credit charge is a deductible expense to your business.

Three simple options to proceed:

Contact us at KTS:

Tell us which *feeSmart* option you prefer – six, nine or twelve months.

We will arrange for the application and bank authority to be sent to you for completion.
