with smartAR fee funding

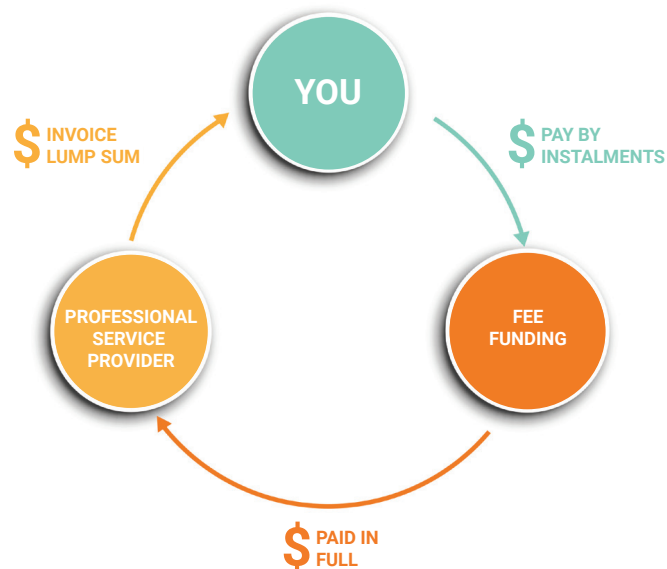

Cash flow management is essential for any business from multinational corporations to SMEs.

Join thousands of businesses already using smartAR fee funding. Improve your cash flow while retaining existing credit lines for core business operations.

smartAR fee funding allows you to pay your professional service invoices over time - rather than in one lump sum. Check out these benefits:

- **Flexibility** - Fund invoices over \$500 with flexible payment options and terms from 3 to 18 months.
- **Cost effectiveness** - The credit fee is a deductible business expense.
- **Simplicity** - Fast, stress free process.
- **Confidential** - Your application is automatically processed with no credit checks and no financials required.

How fee funding works
